

Pumpkin Spice Whipped Cream

1 c. heavy whipping cream
2 tbsp. powdered sugar
2 tbsp. maple syrup
3 tbsp. pumpkin puree
a drizzle of vanilla
a pinch or two of salt
a dash of pumpkin spice

Whip everything together until peaks form. I like to put it in a gallon bag and cut the tip off. Squeeze it out in a crosshatch pattern on top of your drinks. Top with an additional dusting of pumpkin spice.
